Moving in!

On 8 September we officially arrived in Marseille as a family. My parents helped for four days with furniture and unpacking. It took about ten days to settle in — a very intense move, especially with two children. We're grateful and enjoying family moments on the large grounds around our home.

Getting involved and looking ahead

On 13 September we were welcomed into the church. Charlie is co-leader of the youth group and on the pastoral and leadership teams; he will also preach regularly. On 27 September he brings the message at ICCM. We are following a church plant in the 14th with another interested couple, and preparing the IMPACT programme for three young German women who will stay next door from January.

First Sunday at St-Just.

Housewarming

On Sunday 20 September we invited all our neighbours and the church to celebrate the end of our move. We're glad to have warm and welcoming neighbours.
