Training in Paris

The first week of October began with a training in Paris for all new Perspectives staff. Meeting colleagues from across France was a real encouragement.

New encounters

Noailles — Steiger Int. cultural centre

October brought new encounters, notably with Bétel, which helps people who are homeless or struggling with addiction — valuable partners as we meet such people daily opposite the church. We also met the Euromed team (café Quainous), Thierry Steux (Perspectives St-Louis), a newly arrived German missionary, and the Steiger International café team in the city centre.

Short-term stays

Several people from Germany and the UK have expressed interest in short-term stays. Please pray as we arrange housing for the young people arriving by January. We are grateful: a Christian foundation has given €3,000 toward furnishing this accommodation!

Project communication

With a friend from church I worked on short videos in English and German about our ministry and the Impact missionary base for young German volunteers. We also wrote for France Mission UK magazine and spoke on Premier Christian Radio about the demonstrations in France and the churches' response.

Mission trip

I visited the Chapelle évangélique de Mulhouse, which supports us financially and in prayer. In November we visit UK churches that have also generously pledged support. Please pray for what I will share with partner churches — especially where I preach — that God would keep my words clear and precise.

Prayer points

Prayer points for the next month

- Pray for an administrative appointment for Maria on 13 November regarding her residence permit.
- Pray for our stay in England from 13 to 27 November, that God would enable us to establish new contacts for the mission in Marseille.
- Pray for my message on 22 November at St Barnabas Kensington.
- Pray for the leading of the bilingual Thanksgiving service on 29 November at St-Just.
